A list of the centers and specific resources within each can be found in this document:

**Access to LearningExpress Library**

LearningExpress Library is an online resource accessible from your library’s website. For best results, access through Chrome or Firefox.

You may browse the Learning Express site before registering, but once you locate a resource you would like to use, you will be prompted to register before you can access it. Registration enables you to store any tests, eBooks, or tutorials for future use.

To register from a computer in your library, simply click the New User? “Register” link on the landing page. On the following page, enter your name and email address, create a password, and click “Create Account.”

If you are on a computer outside of your library’s network (at home), you must access LearningExpress Library from the link on Magale Library’s website.

For future visits to the site, you can simply login as a Returning User with your email address and the password you created at registration.
