Please understand that:

- the major information listed above must be the official major and catalog year declared with the university, and only courses required for that major/catalog year will be certified.
- to be certified, you must officially save your schedule with the Business Office.
- it is your responsibility to report any schedule changes to the VA Certifying Official, and you are responsible for any resulting overpayments made to you.
- taking non-required courses or repeats will reduce your certified hours accordingly.
- you are ultimately responsible for the payment of your tuition, fees, and books.
- if you are enrolled in Composition I, those 3 hours will not be reported to the VA until after the grade is recorded at the end of the semester; if a grade of "NC" (No Credit) is reported by the instructor, no benefit can be paid for this course.

Please understand that **the VA will NOT pay** for:

- non-required courses (e.g., adding extra hours to meet scholarship/enrollment requirements, taking courses for a minor that's not required by the major, elective courses that do not count towards graduation).
- non-required repeats (e.g., repeating a course that has already been successfully completed, even if to improve GPA).
- courses from which you drop/withdraw or courses that you fail to attend.

By my signature I confirm that I have provided accurate information, I have read and understand all of the statements above, and I agree to comply with all SAU and VA guidelines.
